What is BCCS?

The Breast and Cervical Cancer Services (BCCS) program provides no-cost breast and cervical cancer screening and diagnostic services for eligible individuals.

Who is Eligible?

- People who are uninsured or underinsured
- Meet income guidelines (Texas BCCS program)
- Breast and/or cervical screening based on age and risk factors
- All services are confidential

Our Breast Cancer Services Include:

CLINICAL BREAST EXAM (CBE)

A provider exam to check for changes in your breast health.

SCREENING MAMMOGRAMS

Low-dose digital mammograms to find breast cancer early, often before symptoms start.

DIAGNOSTIC FOLLOW-UP

Additional imaging and testing if needed, including diagnostic mammograms and ultrasounds.

BIOPSY SERVICES

If an abnormality is found, biopsy services are available through the program.

NAVIGATION AND SUPPORT

Assistance with appointments, referrals, and follow-up care.

Why Screening Matters

Breast cancer is one of the most common cancers among women, but when found early, it is highly treatable. Regular screening can find breast cancer before you notice any changes.

Early detection gives you more options and a brighter tomorrow.

Take Charge of Your Health

- ✓ Know your risk factors.
- ✓ Get screened regularly.
- ✓ Talk to your healthcare provider.
- ✓ Encourage friends and family to get screened.
- ✓ Take advantage of no-cost BCCS services if you are eligible.
